RYNO Ridge™

PRODUCT DATASHEET

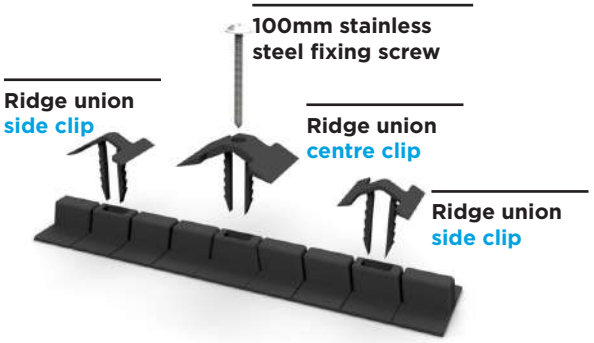

Dry-Fix Ridge System

RynoRidge Dry-Fix Ridge System was developed for faster and safer ridge tile installation. Suitable for install in all weathers, it creates less mess and brings none of the problems that come with mortar: safer for building owners and more dependable for roofers.

- Complete complience with NHBC, BS5534 & BS8612 standards
- Faster and easier way to achieve perfectly level, secure ridge tiles
- Suitable for ventilated and unventilated roof spaces
- 2 colour choices available depending on roof aesthetic and tile colours (RAL 7021 Anthracite & RAL 8019 Brown)
- In stock for next-day delivery from stock throughout the UK

KIT CONTENTS

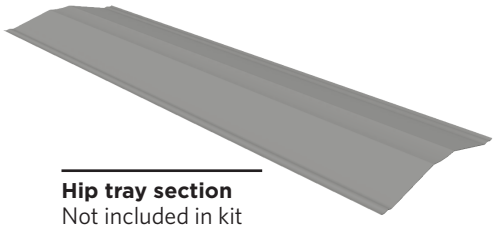

Ridge roll
6 meter length

Easy-fit batten support bracket
