

- K 5 Compact 1.630-751.0

The Kärcher K 5 Compact pressure washer has all the cleaning power and energy efficiency you'd expect from a Kärcher, packed into a conveniently small machine that's easy to move around and store.

Features & Benefits:

- **Easily Switch Between Surfaces;** A Vario lance and Dirt blaster lance allow you to select the right pressure for cleaning any surface.
- **Effortlessly Apply Detergent;** Easily apply detergent to any surface with this model's integrated detergent suction tube.
- **Everything In One Place;** Keep everything you need close to hand with on-board storage for the lances and cable.
- **Get To Work Instantly;** Get started with minimum effort. The Quick Connect system instantly links the high-pressure hose to the machine and trigger gun.
- **Easy To Pull And Store;** Select the perfect pulling height with the telescopic handle, which retracts completely to save space when you don't need it.
