

Wallbarn - Technical Datasheet

3mm, 4mm & 5mm Cross Spacers

Product Codes

3mm	SP-PLA-003-CROSSPACER-Z
4mm	SP-PLA-004-CROSSPACER-Z
5mm	SP-PLA-005-CROSSPACER-Z

MATERIAL	Wallbarn Cross Spacers are manufactured from high quality white polypropylene and are suitable for increasing the gap between slabs on pedestals. They are suited to normal atmospheric conditions with all technical, physical and mechanical properties maintained in the long-term.
APPLICATION	The Cross Spacers are primarily used with 5mm & 7mm pads but can be used with Universal pedestals to alter the drainage gap. They can be fitted into the junction between four paving slabs to ensure they remain straight and in place
TECHNICAL DATA	This product can be used between temperatures from -20°C to + 40°C. The material is particularly resistant to sudden temperature changes, resists acid, basic solutions and atmospheric agents.
RECYCLED PRODUCT	No
RECYCLABLE	Yes
