1% Slope Corrector

SP-ASP-SLOPE001-Z

2% Slope Corrector

SP-ASP-SLOPE002-Z

3% Slope Corrector

SP-ASP-SLOPE003-Z

SLOPE CORRECTOR MATERIAL	Wallbarn Slope Correctors are manufactured from high quality polypropylene and are suitable for use with the MiniPad, Universal and Balance range of Pedestals. They are suited to normal atmospheric conditions with all technical, physical and mechanical properties maintained in the long-term. Manufacture of Slope Correctors conform to quality management systems standard UNI EN ISO 9001:2008.
APPLICATION	The Slope Correctors are used to counteract the slope of the sub deck. They are a sloped wedge that will sit onto the bottom of the pedestal.
TECHNICAL DATA	This product can be used between temperatures from -40°C to + 75°C. The material is particularly resistant to sudden temperature changes, resists acid, alkaline, salts and atmospheric agents.
