

Certificate of Conformity & Guarantee – EPIC

This certificate confirms that all EPIC septic tanks are covered by the following warranty:

- 10 years for the tank.
- 1 year for internal components, seals and pipework.
- 1 year for lids and turrets.
- 1 year for workmanship.

The warranty starts from the date of delivery.

All EPIC Sewage Treatment Systems are tested and certified to BS EN 12566-1.

All warranties are subject to the product having been installed in accordance with guidelines issued and the equipment being used within the stated process design parameters.

Warranty cover is also subject to the equipment not having been misused or abused and that any routine maintenance required having been carried out in a timely fashion by authorised engineers.

Any valid warranty claim will be limited to repair or replacement of the defective component only and we do not accept any responsibility or liability for consequential costs or damage.
