BY ACRYPOL PRODUCTS LTD...

VOC FREE

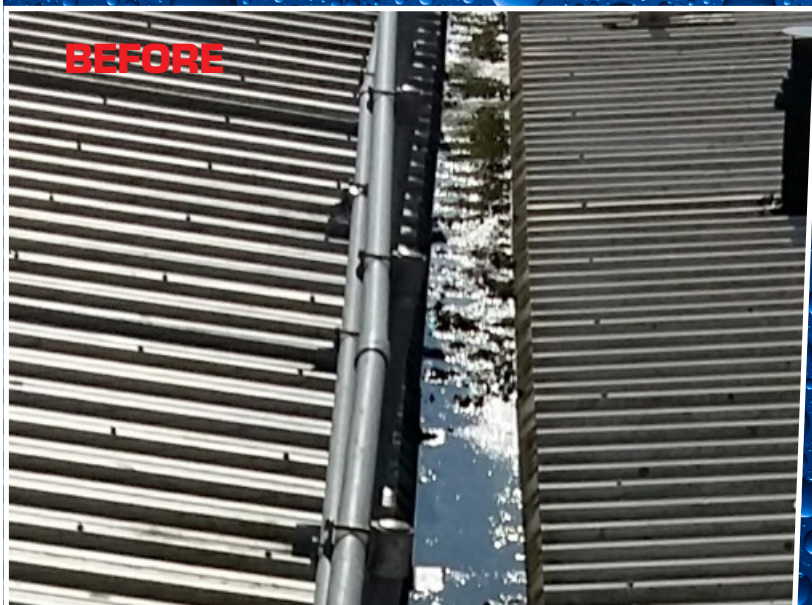

COMBINING SINGLE COAT APPLICATION
WITH 21ST CENTURY TECHNOLOGY

New technology available allows the product to be applied without the need of reinforcing mesh. Highly flexible and lasts for years.

Encapsulating the whole roof, it has been chemically structured to allow trapped moisture to evaporate, thus avoiding the formation of blisters. Designed to withstand ponding water. This makes ACRYPOL **ULTRA** ideal for gutters and flat roofs.
