Thank you for your Order.

Purchasing your VELUX blinds and accessories

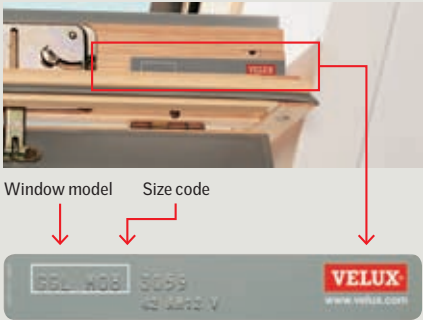

STEP 1

Check your window code

Every VELUX Roof Window carries a unique data plate that details the type and size of the window (see diagram below). Check your window's type and size. No measurements are needed.

Data Plate

This specifies both the window model and the size. In these examples the model is GGL, however, the size code varies depending on the age of your window – eg S06, 606 or 4.

STEP 2

Check your blind code

After you have chosen your blind type you need to establish its code. All codes are contained in this brochure on the swatch pages.

STEP 3

Purchase your VELUX Blind

You can order online at www.velux.co.uk/blindsdirect, alternatively, phone your order to the contact numbers in this brochure or submit your order in the pre-paid order form supplied.

STEP 4

Can't make your mind up? Order your free swatches today

If you still can't make up your mind which VELUX Roof Window Blind is best for you, ask us for swatch samples to help you decide. We will be happy to deliver up to three FREE samples to your door.

It's so easy to order your VELUX Blinds and accessories. Contact us today.

Take control of light

Great things can happen when you incorporate light into the design of your home.

But inviting natural light into your living space is one thing. Managing it effectively is another.

Thanks to our latest selection of specially designed blinds, you can not only control the amount of light a room receives, but its direction and quality too.

Each style of blind has a specific purpose, whether you're looking to soften the light or even block it out completely.

These are the only blinds specifically designed and manufactured to fit VELUX Roof Windows.

Is this our most extensive and stylish blind range yet? We think so.

The latest contemporary design

Blackout or Roller? Pleated or Venetian? Whichever type of blind you choose there's one thing you can be certain of. Not only have they been designed with supreme functionality in mind, they've been created to be sleek and beautiful. From the operation of the blind itself to the eye-catching and contemporary choice of fabrics and materials, you're spoilt for choice.

Find your perfect blind

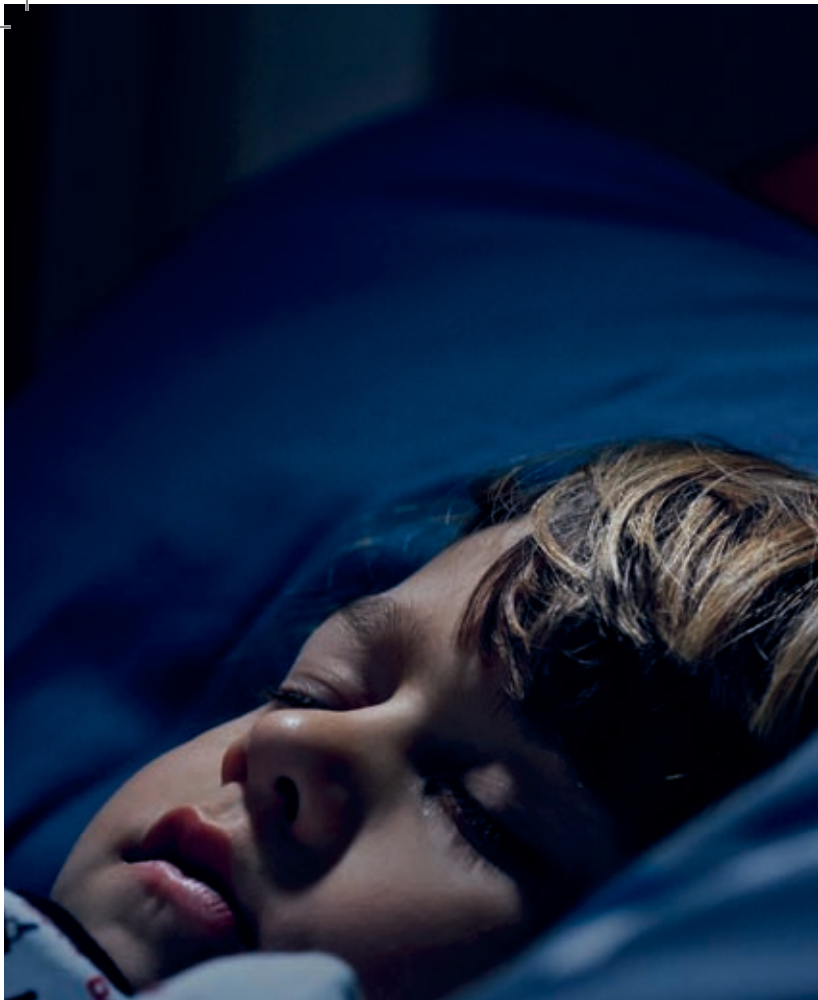

3 Year Guarantee. 7-10 Days delivery		
I want to be able to block out the light	Blackout Blinds	4-13
I want to be able to diffuse the light	Roller Blinds	14-19
I want to be able to soften the light	Pleated Blinds	20-25
I want to adjust the light to suit me	Venetian Blinds	26-29
I want to control the room temperature	Awning Blinds	30-33
I want to let nothing in but fresh air	Insect Screens	34-35
Finishing Touches	Accessories	36-37

VELUX Roof Windows are fitted with pre-installed brackets to ease installation and to help you achieve a perfect fit every time.

Pick&Click!

VELUX Blinds that are Pick&Click! compatible are Blackout blinds, Roller blinds, Pleated blinds and Venetian blinds.

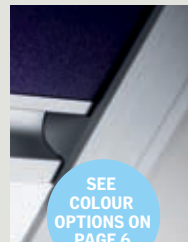

Turn day into night

VELUX Blackout Blinds give the best total darkness for both night and day.

Perfect for afternoon naps and those lighter summer nights. Just right to ensure the kids get that deep sleep they need.

They'll keep you comfortable too. Each blind features an outer aluminium foil that reflects excessive heat from the sun in summer. Equally, this helps retain welcome heat in winter.

Blackout Blinds Ideal for Bedrooms

SEE
COLOUR
OPTIONS ON
PAGE 6

The key benefits

- Help to turn day into night
- Come with aluminium backing as standard
- Reduces heat gain and heat loss
- Available in a wide range of colours and designs

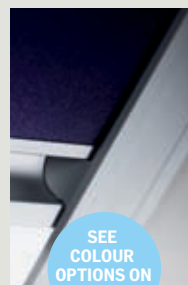

Electric Blinds

We also offer electric blinds. Please note, electric blinds are recommended for electronically operated windows.

Available for all window sizes. Just add **£117.50** to the standard cost. Quote DML to order.

Remote Control Solar Blackout Blinds

SEE
COLOUR
OPTIONS ON
PAGE 6

The key benefits

- Operate the blind from anywhere in the room
- No wiring required, fitted in minutes
- Blind operated by a standard battery that is recharged by solar power
- Good for up to 600 operations (about a year's worth)
- Manual operation also possible
- Allows you to position the blind at any place in the window

Remote control solar blackout blind available for all window sizes. Just add **£94.00** to the standard cost. Quote DSL to order.

(P19 Cabrio counts as 2 windows, a P04 and a P10. Please order blinds accordingly.)

White Line Blinds

White line blinds, with their white fascia and side channels, add the perfect finishing touch to our range of white polyurethane windows (GGU/GPU) and are available for an additional cost of just **£9.40**.

Please note: As with all fabrics, the precise colours and patterns may vary from the printed samples.

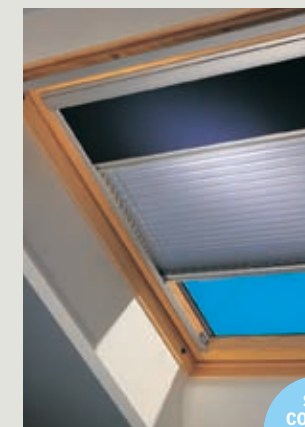

Complete light control

VELUX Blinds give you so many options that you can choose between adjusting, dimming or simply softening the light in your room.

For complete light control, the New Duo blind is hard to beat. You can have all the benefits of a Blackout blind for those occasions when you want to block the light out completely. Then again, you can enjoy the softer diffused light offered from a Pleated blind.

Transform your home

Thanks to a VELUX Venetian Blind you can turn an ordinary room into a space of true beauty.

A kitchen, for instance, becomes the perfect combination of simple chic appeal and everyday practicality.

A bathroom, a haven of calm and tranquillity.

This popular range is the ideal solution, in fact, for any place encountering high levels of humidity.

So, what are you waiting for? Let the transformation begin.

It's not just light we control

It's heat too. And that's exactly where our attractive Awning blinds come in. These unique external blinds are ideal for keeping rooms cool and reducing the heat of the sun on hot summer days.

The benefits don't end there. Their design also means they allow a pleasant diffused light to enter the room as well.

Each blind is easily installed internally (so no need to get out onto the roof) and it rolls up out of sight under its casing when not in use.

Awning Blinds

The way to beat heat

SEE
COLOUR
OPTIONS ON
PAGE 32

The key benefits

- Blinds for outside your windows
- Fabric is hardwearing and weather resistant
- Effective heat protection as the rays of the sun are stopped before they reach the glass
- Keeps views free from obstruction
- Easy to install from inside your room
- Simply add an interior blind if you wish to adjust or soften the light

Operation

Available in manual.

Style

Our Awning blinds are made of a hardwearing, dirt-resistant fabric. It's easy to clean with a damp cloth. Choose from three colours with three levels of transparency.

Keep unwanted visitors at bay

Sometimes it's not just light that a window can let in. Have all your meals with your family in comfort. Enjoy a peaceful night's sleep. All without the unwelcome presence of insects thanks to the VELUX Insect Screen. It's installed on the wall so you can use your window as normal. If you're not using it simply roll it up in its aluminium casing. It can be combined with all types of VELUX Blinds.

Insect Screens (ZIL)

The key benefits

- Installed on the wall so you can use your window as normal
- Net is hidden in top casing when not in use
- It won't obstruct your view
- Works with all types of VELUX Blinds
- Easy to clean with a damp cloth

Insect screen one price for all window sizes £101.05

Finishing touches

We want to make your VELUX Blinds simple to operate. The following accessories are available exclusively from VELUX and make our roof windows even more user-friendly.

(Remember, we also do blinds for vertical windows and Roof Terrace Systems. For prices, please contact VELUX Customer Support.)

Accessories

Accessories For Hard-To-Reach Situations

Rod Control

Don't stand on a chair to open and close your VELUX Roof Window or to operate your blind. Do it the easy way with this handy rod. It allows you to open GGL and GGU windows. The rod can also be used to open the blinds when fitted with the correct adaptor.

Rod Adaptors

You'll need rod adaptors if you're using a rod to open and close out-of-reach blinds. Please bear in mind that you'll require a separate adaptor for each blind you have.

Rod Control Code ZCT 200 100-180cm Telescopic Rod For operation with GGL/GGU roof windows	£28.20
---	--------

Rod Adaptor Code ZOZ 085	£2.35
--------------------------	-------

ZCT 100 100cm extension for the ZCT 200	£9.40
---	-------

Security Lock

ZOZ 012 Key operated window lock for GGL/GGU roof windows only. Extra security comes with this simple lock that re-enforces the 'click shut' mechanism at the top of your VELUX Roof Window.

Security locks cannot be used on Top-Hung roof windows GPL, GPU and GHL.

Code ZOZ 012	£32.90
--------------	--------

Opening Restrictor with Key

Regulate the extent to which your VELUX Roof Window opens with this easy-to-fit safety catch.

ZOZ 010 S011 for added safety.

Opening Restrictor cannot be used on Top-Hung roof windows GPL, GPU, GHL.

Project Daylight Our promise

For over 60 years we've maintained our tradition of quality and craftsmanship. Improving productivity in the workplace, helping homeowners make the most of their living spaces and bringing light to life in buildings all over the world.

Through Project Daylight we not only promise to continue this tradition, but to build on it.

We want to break new ground in the way light is controlled, harnessed and enjoyed.

We want to help more people enjoy the benefits of natural light by making it an integral part of every room.

We want to provide people with products that are durable enough to continue to deliver light for years to come.
