

Heavy Duty Reinforced Block

Material:	Neutral to the environment made out of 100% recycled plastic
Colour:	Grey
Dimensions:	80 x 40 x 6cm with 32 chambers (size 8 x 8cm), 1m ² = 3.125 pieces
Effective Dimensions:	80 x 40 cm (plus 1.5 cm for edge surfaces due to the interlocking)
Web thickness:	Inside: 15 mm Outside: 20 mm
Weight:	8.5 kg (26 kg/m ²)
Loading capacity, static:	147 kN (15 t) per test body (20 x 20cm, consisting of 4 unfilled chambers) 10 N/mm ²

Web thickness:
Inside 15mm
Outside 20mm
Interlocking: 15mm
Dimensions: 800 x 400 x 60mm

Underside
