

EASYCUBE

EasyCube, UN Approved, 110% bunded, IBC fuel container c/w lockable cover.

- Poly in steel UN Approved IBC for transporting fuel on the public highway.
- 110%, enclosed, weatherproof bund to ensure environmental compliance with PPG2 Regulations for fuel storage.
- Pallet sized for optimum logistics and designed to fit in back of most pick-ups (EC400).
- Unique dimensions - ideal for use where access is limited - can fit through doorways and in lifts.
- Capacity under 1000 litres - no ADR Driver Training required.
- 2 additional ports to provide generator feed and return fittings (optional).

Specification

Capacity (brim full) Litres:	385	Stock Ref.	Product Description
Capacity (brim full) Gallons:	85	176	EC400: EasyCube
Dimension (mm):	L1160 x W815 x H900	2682	EC400-ECMFP: Manual fuel pump, 2m hose & trigger nozzle
Bund Material (thickness):	Steel 2.2mm	2772	EC400-EC12VFP: 12v fuel pump, 2m hose & trigger nozzle.
Inner Tank Material (thickness):	Polythene 6mm		
Weight* Empty (Approx Kg):	130		
Weight* Full (Approx Kg):	481 (no pump)		
Design Approvals:	ADR IBC Type 31HA1		
Design Standards:	COP Regulations (PPG2)		
Notes			

* Weight includes chassis & tank
